

Rebel Name Change Costs

1. What are the costs included in the budget for the change in the Rebel nickname?

There is no current incremental spending in the proposed budget for vote on June 6. The budget includes \$48,515 for athletic supplies and uniform replacement on a five-year cycle. This is the same amount that was carried in the FY 2017 budget. Also, the cost to replace the gym floor of \$25,100 is included in the bond which also covered the HS elevator replacement, window replacement, and bathroom upgrades.

In order to live within the current budgetary limits, the priority is to replace uniforms that carry the Rebel name first in all sports and on all levels next year. In addition, The Vermont Principals' Association Activity Standards Committee unanimously approved the SBHS to wear Columbia blue at home and away in all sports on all levels next year. Football is approved to wear gray home and away uniforms. This will help to level out the costs of this change.
