

FHTMS Student Privacy Form

Student Name: _____ Parent/Guardian Name: _____

Grade (Please circle): 6 7 8

Introduction: Students are making increasing use of various technologies as powerful learning tools. Key benefits of such activities include opportunities to share work with and interact with other students and the world at large. Such activities are not entirely without risk. Media and technology provide students with access to people and information beyond the South Burlington School community and enable others to view student work and interact with students in the South Burlington schools. Student work can be shared in a variety of ways, including newsletters or newspapers, radio or TV programs, web pages, electronic mail, video, compilations of student work on a class CD/DVD, etc.

Student Privacy Guidelines: A paramount goal of the South Burlington School District is to ensure the safety and privacy of our community of learners. To help achieve this goal, publication of student information on the Internet and sharing of student information via print media, electronic mail, video, and other technologies is restricted. Student information and student work will not be published or shared unless permission is obtained. This student privacy form must be completed and submitted to the school when the student enrolls. Permission is granted only for projects or activities that take place during the student’s tenure at that school. No personal information, such as home or mailing address or phone number, except as listed below, will be published or shared.

Parent Section: I understand that my child may engage in classroom projects and activities that enable others to view or listen to him or her, view his or her work, and/or to interact with him or her. In order for my child to participate in such projects and activities, I understand that this permission form must be completed, signed, and on file at my child’s school and that lack of a permission form will be regarded as “permission denied.” I understand that, where possible, appropriate alternative activities will be provided as substitutes when permission is not given. Furthermore, I understand that, as part of classroom activities, my child may:

- have his/her work displayed on the South Burlington School District’s web pages (and occasionally on non-District web pages as part of school-related projects) or in other public media (such as newspapers, radio or TV programs, video, and CD/DVDs of class projects);
- use email to correspond with other students and/or adults about school-related activities;
- participate in school-related audio or video conferences or other communications with students and/or adults (for example, projects involving “experts” such as authors, scientists, etc. or collaborative projects with students in other schools); and
- learn about social media and participate in age-appropriate social media experiences.

The items checked “Yes” below may be published or shared as part of school projects or activities. Items checked “No” may not be published or shared.
